

How do I access the automation lanes in the project window?

In order to access the automation lanes in Cubase 4, you need to move the mouse button over the lower left corner of the track in the track column. When you do this, a down arrow sign will appear. When it appears, click on it and you will see the automation lanes. (*Fig 1, Fig 2*)

To access the next automation track, move the cursor to the lower left corner of the visible automation track and click on the “+” sign that appears. (*Fig 3*) To close an automation track, move the cursor over the “-” sign in the upper left corner of the automation track and click on it. (*Fig 4*)
